I plan to recommend your company to all my friends and family. The lighting adds greatly to the pleasure of my home."

"I have a great deal of appreciation for organizations that follow through. You have a well-tuned machine and it is clear that Illuminations is the premier lighting company in Houston, Texas. We wish you continued success in your business. You run a fine organization and it is a pleasure doing business with everyone at ILD."

"Your men were by far the most organized personnel that have ever been to my home. They installed my new landscape lighting system very efficiently and without destroying the garden. Without asking, the crew repaired a fountain pump which was clogged up! That attention to detail sets your company apart from the competition."
